The availability of Grant Award Report is dependent on the application status. An application status of DEED Administrators Approved, or, in the case of a revised application, DEED Program Manager Approved, is required for a Grant Award Report document to be available.

Prior to the funding application or the revision application being approved, this message will populate for the Grant Award Report.

Change the All Active Applications drop down to All Approved Applications,

Each application revision will then be available. The most recent version with a status of DEED Program Manager Approved or DEED Administrator Approved is the last Grant Award Report for that application.
